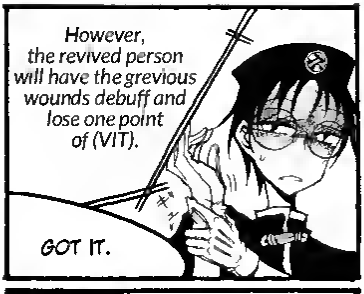
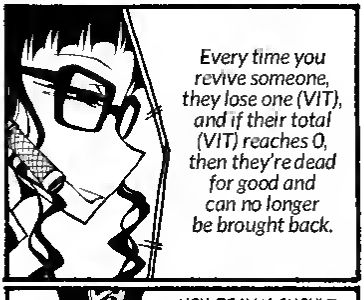
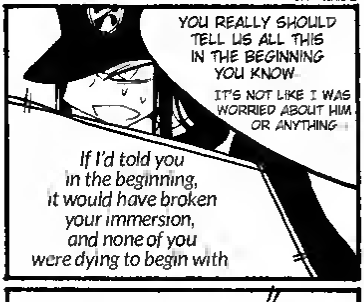
Reviving The Dead

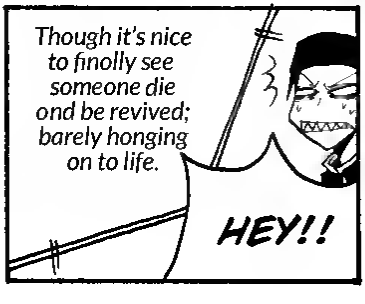




Every time you revive someone, they lose one (VIT), and if their total (VIT) reaches 0, then they're dead for good and can no longer be brought back.



YOU REALLY SHOULD TELL US ALL THIS IN THE BEGINNING YOU KNOW
IT'S NOT LIKE I WAS WORRIED ABOUT HIM OR ANYTHING
If I'd told you in the beginning, it would have broken your immersion, and none of you were dying to begin with



Greivous Wounds
